

TOP MOUNTAIN RESORT INVITES FOR EXPERIENCES IN SUMMER 2023

If you enjoy adventures of all kinds, a lively environment with unlimited entertainment possibilities and perfect facilities for a great family holiday, Dolní Morava is the right place for you. For this summer, it will prepare a fresh cocktail that you will definitely enjoy.

Sky Bridge celebrates its first year of life

On Saturday 13 May 2023, the Dolní Morava Mountain Resort will celebrate one year since the opening of this unique structure, which has literally taken the world by storm in the pages of newspapers, magazines and online channels. Sky Bridge 721 proudly took an honorary place among the 50 best places in the world and also graced the cover of the American TIME magazine. It managed to win an award in the prestigious architectural competition Building of the Year 2022, but also the hearts of many visitors.

This year it will again offer 721 metres of unusual and surprising experiences at a height of up to 95 metres above the ground. Climb the unique connection of two mountain ridges, which will literally transport you back in time through an interactive game with augmented reality and an educational trail. You may experience unexpected fear, adrenaline pumping through your veins, the need to push yourself to the limit and the excitement of a perfectly vibrating place that you won't find anywhere else in the world. Add to that the amazing views of the mountain landscape of Králický Sněžník and admiration for the technical sophistication of the structure itself.

Always buy your ticket for Sky Bridge 721 online in advance and preferably with the Sky Paket Extra or Sky Paket price packages, which also include access to the Sky Walk and a comfortable chairlift ride to the place. Moreover, this summer you can get tickets for Sky Bridge 721 including price packages cheaper on weekdays on our eshop <https://eshop.dolnimorava.cz>.

Trail park expands in the new season

With the start of the new season, Dolní Morava will welcome two new additions to the trail family, which will bring pure joy especially to those who really are not afraid to ride in the terrain. The black downhill trail with a length of 2 km fits into the category of very demanding trails for experienced bikers. The most difficult route with a 350 m descent and very demanding natural passages offers long stone sections alternating with stream crossings. On the route you will also find large jumps with a length of 8-11 m and a wooden drop of 4 m. The second novelty is a new stage of the Selský flow trail with a length of 0.8 km, which will supplement the missing intermediate stage between the moderately difficult and difficult level of terrain riding, which has been missing in Dolní Morava so far. The route is full of safe terrain obstacles suitable for learning jumps with the longest jump being a maximum of 4 metres. Everything on this new trail is built with maximum safety in mind so that the biker can smoothly transition from here to the red trail and not be surprised by its more advanced level.

This year, you can look forward to a total of 27 kilometres of superbly built trails, which will continue to grow. As soon as the snow melts, the construction of another adrenaline treat in the form of the Enduro Line will begin. All trail visitors also have the opportunity to practise their off-road riding in our bike skill centre near the bottom station of the chairlift. This place will offer all levels of trails to try before the sharp entrance to the Trail Park.

You can find the lowest available price for a day pass only at <https://eshop.dolnimorava.cz>. You can conveniently exchange the exchange ticket that arrives in your email on the spot for a back-up card in the Card Box in the Customer Service Centre, which you can return at the end of the day at the same location. And if you need service or lack equipment, our sports shop and rental shop is here to help or advise you.

An integral part of the local trail offer is also the Dolní Morava Bike School, which prepares trail camps for all levels of riders – for men, children, ladies and extra experienced riders on selected dates from spring to autumn. Find the camp offers on www.bajkovaskola.cz.

Trail Park Dolní Morava will be a new part of the Králický Sněžník Bike Region from the 2023 summer season, which will connect 6 bike parks on the Czech and Polish side of the mountain massif in the areas of Suchý vrch, Dolní Morava, Hynčice pod Sušinou, Paprsek and Poland via a backbone route. For off-road enthusiasts, nearly 130 km of trails of all levels of difficulty will be connected. You can find partner bike parks and routes clearly marked on a 3D map, charging stations for electric bikes and comprehensive activities within the tourist area at www.bikeregion.cz.

Dolní Morava has just the right thing for everyone

Families with children will definitely welcome the opportunity to spend a whole day in one place in the Mammoth Adventure Parks. Your little explorers will have so much fun that a summer day will just fly by. You can look forward to the Mammoth Puddle with wooden rafts, a giant mammoth with a playground inside, a children's ropes course in the treetops, and a forest and water kingdom with wooden houses, slides and many interactive, play and water elements. The children's park area will offer sunny as well as pleasantly shady spots under the treetops, wooden benches for parents to rest on and refreshments under the giant mammoth so that you don't have to leave the parks at all during the day. You don't have to worry about losing your children because the whole area is fenced. And don't forget that just 50 metres away is the Sand World with conveyors and playhouses, which are included in your day ticket. A family best-seller is the Mammoth Package, in which one ticket gets you entry to the Sky Walk with a round-trip chairlift and all-day entry to the Mammoth Parks.

Adventure hunters will really enjoy Dolní Morava. They can choose from several exceptionally attractive places, which are concentrated together in a pleasant walking radius. Sky Bridge 721 attracts with its world-first 721-metre-long footbridge ambitiously connecting two opposite mountain ridges. The Sky Walk with a net drop 55 metres above the ground will lead you up to the clouds with a unique view of the suspension bridge and the mountain landscape

of Králický Sněžník. The mammoth roller coaster is the fastest way to get back to the valley, guaranteeing you 3 kilometres of adventure riding. The Sněžník chairlift starting from the Vista Hotel will conveniently take you to the starting point, from where all three adventures are just a few steps away.

Adrenaline enthusiasts should head straight to the Adrenaline Park or Trail Park. Both parks will boast pleasant new features for this summer. All routes in the ropes course will be completely newly renovated and will offer brand new obstacles and crossings for all levels of difficulty. The special children's circuit was modernised last summer, so this year it enters the season still in a new coat. The trail park will offer 27 kilometres of trails of all levels by the beginning of spring. Everyone can enjoy a ride here, whether they are a confident biker or a beginner who is just getting into trails. Newly, you will encounter the most demanding black downhill track with a length of 2 kilometres and challenging natural passages and jumps. The second novelty is a new part of the Selský Flow Trail, 0.8 km long, which represents a transition level between a moderately difficult and a difficult trail with safe terrain obstacles.

Explore the landscape of Králický Sněžník by bike

Dolní Morava is rightly a paradise for cyclists. The terrains for cycling are very diverse and everyone, regardless of age and physical condition, will find their favourite route. You don't need to bring your bike with you and you can rent it on site in our rental shop at the bottom station of the Sněžník chairlift opposite the Vista Hotel. This summer you can rent the latest Mondraker bikes from us, including bikes for recreational riding, trail and downhill bikes suitable for the Trail Park, or electric bikes that will make the journey easier and at the same time allow you a longer trip with less effort. In addition, you can select and book your bike conveniently at home before your visit at <https://dm.rezervator.cz>. This way, you don't have to lose time after your arrival and everything will be ready for you on the spot. If you don't dare to venture out on your own in the new environment, we now offer guided mountain tours on electric bikes for groups of people interested. Our mountain guide will choose the most suitable cycling route and guide you through the local area without any worries.

Adventures online and conveniently

Find the best prices for adventures on the eshop. You can always get them online quickly and at the best price available. Plus, we've packaged your favourite adventures into discounted Sky Paket Extra, Sky Paket and Mammoth Paket packages that guarantee the best entertainment for the whole day. This summer season, prices for selected adventures will be variable. This means that you can get tickets for Sky Bridge 721 and the Mammoth Roller Coaster, including price packages that include Sky Bridge 721, for a cheaper price on weekdays.

Right in the heart of the resort, you can visit the modern TICKET POINT customer centre at the boarding station for the Sněžník chairlift. The 7 self-service ticket offices make it quick and easy to buy tickets for selected adventures on site. You'll also find a rental shop for the latest Mondraker bikes and electric bikes and summer gear, a service department and a well-equipped sports shop with premium outdoor brands. There is also a popular Gift Shop, which will delight especially young visitors with gifts from their travels.

Park comfortably and embark on a fun journey to adventure

On arrival at the resort, you will be greeted by new car parks with a modern parking system that will navigate to available parking spaces on information boards and monitor the maximum capacity of the resort. Our staff in the surrounding car parks will help you with parking and basic navigation within the resort.

The closest to the adventure is a cascade of three car parks marked P5 and named U jezera. But if you don't manage to park there, it doesn't matter at all. From the U Slona area, where you will find the most parking spaces, you can enjoy the Stamichman's educational trail with tasks and wooden sculptures leading along the edge of the forest to the bottom station of the chairlift. If you don't plan to use the chairlift, you can walk towards Sky Bridge 721, the Sky Walk or Stamichman's Drift along the marked yellow and blue hiking trails. From this summer, there is another nature trail with fun stops for children to entertain your little companions and make the journey go by faster than you would think.

Don't forget to keep your guide to Dolní Morava handy on your phone during your stay. Check out <https://eresort.dolnimorava.cz>. In one place you can find hiking and cycling routes, webcams and weather forecast, adventures, restaurants and bars, calendar of events, competitions and a list of contacts. You can also book your stay, log in to your user account, shop on the online store or collect your stay rewards if you are staying with us.
